

Jewish Disabilities Awareness Month

Jewish Federation of Metropolitan Detroit's Alliance Opening the Doors Partnership Program

For the first time ever, February has been designated as Jewish Disabilities Awareness Month, a month of recognition and commitment to inclusion across North America, and a time to focus on programs and resources that raises awareness and understanding for individuals with disabilities. Opening the Doors Partnership Program, a nationally recognized program, that provides academic support to students with disabilities so they can receive a meaningful Jewish Education in our community Jewish day schools and congregations is proud to honor this month
